### **ON THE DAY OF YOUR BAPTISM:**

- Check in to the Welcome Center as soon as you come in. Be sure they have the spelling of your name you want to be printed on your certificate exactly as you want and that the mailing address, we have on file is correct.
- At the beginning of the service, you're being baptized in, get ready quickly and meet Pastor John and the team at the water baptismal in the main auditorium. We will ask you your name, and in one sentence only, why you came today to be water baptized. You will state your name and your reason. Once we do that, we will baptize you.
- If anyone asks you, people are free to come up and take pictures just so long as they don't get in the way of the baptisms.
